Software Manufacturers: Public Safety Management - Mobile Data Collection and FCIC/NCIC Interface

Important Technology Lessons Learned: N/A

Program Narrative Overview: We will be installing our third generation mobile computing within the next 60 days. These new units will provide for real time reporting of police reports via CDPD to our main network/RMS system. These new units will also provide MDT functions including FCIC/NCIC, Pinellas County CJIS and RMS inquiries.

We will be using Dell notebooks, Scientific Dimensions Airbag compliant auto mounts and Sierra Wireless CDPD modems / GPS-AVL units.
