

## 2007 4<sup>th</sup> Annual IACP-iXP Excellence in Technology Award

**Innovation in Information Technology Category**  
***Medium Agency Division Winner***

**Agency:** Juneau, Alaska Police Department

**Project:** Digital Evidence Locker

The Juneau Police Department has implemented a 'Digital Evidence Locker' solution that provides secure access to audio, video, photographs and documents for staff and our Justice partners while maintaining the integrity of the evidence. Interoperability with the department's Records Management System (RMS) and digital in-car video data allows seamless case-management of this evidence for our officers and our Justice partners.
